---

Pat, please find attached the access agreements for the property and the wells. I am not able to print and bring next week, so I am providing the electronic copies.

The standalone document is related to a property just north of the site and is for well access (GW-06). The larger document provides the access agreements along with the associated property description. These cover RI activities as needed and also include well sampling for the two offsite properties to the south GW-08 and GW-09) as well as the second property to the north (GW-07).

Access for GW-05 has not been obtained.

These documents contain personal information. Please treat them as confidential and non-releasable unless redacted.

thanks
